

16th May, 2018

Dear P.4,5 Parents and Guardians,

Circular on "Assessment of Dietary Pattern in Primary Schools 2018"

In order to assess the updated dietary pattern among primary school students and to inform future programme planning and implementation of healthy eating promotional strategies, the Department of Health will conduct a territory-wide survey among primary schools between April and June 2018.

Our school agrees to participate in this study. Your child is being invited to complete a simple student questionnaire at school, and you are invited to complete a simple parent questionnaire at home. They will be conducted in anonymity and will take around 5 to 10 minutes respectively. All information collected will be kept strictly confidential and be used for the study only. The participation is on a voluntary basis. It will not affect the academic performance or internal assessment of your child at school, as well as services provided by DH or other Government departments.

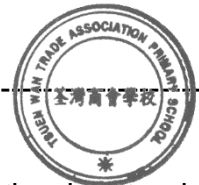

For enquiries, please contact Ms. POON Yuk Chi.

Yours faithfully,

Chow Kim Ho
