The school management congratulates the above students with amazing performance and hopes that further improvements can be made. Having gone through a long and meaningful summer holiday, our school has started its first school day. We have new members in our school this year. We hope everyone can show your love and care among yourselves. We also hope everyone can set clear goals and work towards them. This is especially true for Primary 6 students this year, as those last year performed extremely well in their secondary school places allocation results. Our teachers hope this cohort can achieve even more positive results. Most importantly, we should all work together to pursue our dream!
