

Dear parents of applicants,

**Circular on Inquiries of Applicants of Community Care Fund
for Purchasing Mobile Computer Devices**

Regarding the benefitting students (receiving CSSA, full grant or half grant of the School Textbook Assistance Scheme) who have applied for Community Care Fund for Purchasing Mobile Computer Devices, our school is now in the inquiry stage. According to the guidelines of the Education Bureau, during the three-year implementation period (2018/19 to 2020/21 school year), benefitting students can normally only apply for the funding once. If the benefitting student who has applied for the fund from another school during that period and the mobile computer device purchased through that school was an Apple iPad, this application will not be accepted. If the mobile computer device purchased was not an Apple iPad, the benefitting students can apply for the funding again once they return the original mobile computer device to the original school and complete the form "Certificate of Returning Mobile Computer Device". Therefore, our school is now checking whether the benefitting students have received the fund to purchase the device for the first time during the period and what kind of devices have been purchased.

If benefitting students have applied for the Community Care Fund to purchase mobile computer devices (Not an Apple iPad) and want to apply for the funding again, please download and complete the "Certificate of Returning Mobile Computer Device" through the QR code below.
