School report of February

1. Teachers' professional development

From 11 January to 5 February, Ms. C.L. Tsui participated in the "Supporting Students with Special Educational Needs" behavioural, emotional and social development needs special courses, and conducted four weeks of professional training on supporting students with special education needs.

2. Students' all-round development

- a. On 20 February, students of "Understanding Adolescent Project" carried out a show-of-love activity. By making balloon shapes by hand, they were dedicated to teachers in the school to express their love, bring joy to others, and cultivate them to care for others.
- b. On 26 February, our school held a New Year's Lantern Festival, including lantern riddles, lantern making, sweet dumpling making and other activities. On that day, many students wore Chinese clothes to school and took photos with different teachers and classmates. The activities allow students to understand Chinese culture, have a deeper understanding of traditional Chinese festivals, and strengthen their recognition of national identity.

3. Parent-school cooperation

- a. On 2 February, our school held a charity flower sale fund-raising event for the Community Youth Club. Many students and parents supported the activity to buy plants or donate money. This event raised a total of \$5360.
- b. The second meeting of the Incorporated Management Committee this year was held on 20 February. The school supervisor, school sponsoring body manager and parent manager gave opinions on the school's policies and measures and provided guidance for school operation and development.
