## School report, August

### 1. Teacher Professional Development

- a. On 27th August, Ms. Wong Chuk Kwan received the Outstanding Staff Award at the 11th Outstanding Staff, Enthusiastic Parents and Progressive Students Recognition Ceremony of Kwai Tsing District PTA Association.
- b. After the votes of all the students and teachers, Mr. Wong Wai Kit and Mr. Zhong Hui were nominated as the teachers to be honored in the 27th Parents-Also-Appreciate-Teachers Drive. They will attend the prize presentation ceremony on 15th September.

### 2. Holistic Development of students

- a. Congratulations to the students who won the second place in the Youth Science and Technology Innovation Education Programme Primary School Competition. The programme was co-organised by the Hong Kong Polytechnic University and the Hong Kong Federation of Educational Sciences. The participants joined a robotic training course in May to learn the principles of quadruped robots and how to assemble them. After that, students were trained to modify the structure of the robot. For example, a three-dimensional printer was used to recreate the four feet of the robot, and the motor and battery were modified to increase the walking speed of the robot. At the same time, the students discussed the competition strategy carefully before the competition, and had many presentation trainings. On the day of the competition on 30th July, the students did well and worked as a team to achieve great results.
- b. To enhance students' understanding of Chinese culture and foster their national identity, the school organised a Chinese Culture Day for all students on 8th August. The performers demonstrated face-changing, acrobatics and flag-waving to students. The performance of the day was wonderful, the students were attentive and enjoyed watching the performance a lot. Some students even learnt to do some simple performances from the masters.
- c. From 24th to 26th August, the school held an adaptation programme for Primary 1 students. Students met their teachers of Chinese, English and Mathematics to learn about the requirements of the teachers which will help them adapt to school life as soon as possible.

### 3. Home-school Cooperation

- a. The school's 35th Anniversary and Graduation Ceremony was held on 5th August. The school Supervisor and members of the Incorporated Management Committee attended the ceremony. Awards and diplomas were presented to the winners and graduates of the 35th Anniversary and Graduation Ceremony. Scholarships were also awarded to students with outstanding academic and conduct performance. Parents of the graduates and the winning students also attended the ceremony to witness the memorable moments with their children.
- b. The Parent-Teacher Association held an outdoor learning day on 13th August. The trip included visits to East Coast Park, Hong Kong Film Archive and Bunny Wonderland for parents and children to enjoy the fun of outdoor activities.
- c. On 24th August, Orientation day was held for P1 parents and parents of new students in P2-5. Parents could know more about the school life of their children and what they need to prepare for the start of the school year.
- d. On 27th August, the 11th Outstanding Staff, Enthusiastic Parents and Progressive Students Recognition Ceremony of Kwai Tsing District PTA Association awarded the following students and parents: 2A RAJA HADI MUSTAFA & Mr Lau Pak Ho (Dad of 2A LAU KINGSLEY)
- e. Parents are requested to check their children's temperature and complete a Rapid Antigen Test (RAT) each day before returning to school. They should sign the record form and take a photo of the RAT results for checking when necessary. If any student or their family member is diagnosed with COVID-19, they have to inform the school immediately. The school will then formulate contingency measures.

The school congratulates the students who have achieved excellent results in all competitions and hopes that they will make further progress! After the summer vacation, the new school year began. The school family welcomes all new members. Students should love one another, everyone should set a clear goal for this year's study, and then strive towards the goal. Last year's P.6 graduates had good secondary school allocation results, the teachers expect even better allocation results for this year's P.6 students. In short, we work together to pursue our dreams!
