

Name: _____
Class: _____
Date: _____
Marks: _____

1. In 19,
_____ is in the tens place,
it stands for _____ .

2. The number shown by the abacus below is _____ .

3. Fill in the blanks to complete the pattern.

4. Fill in the blanks with ' > ', ' < ' or '='.

(a) 34 _____ 29

(b) 58 _____ 61

(c) $33 + 5$ _____ 38

Count the above in groups of 2. There are _____ twos,
altogether _____ .

Count the _____ above in groups of 10. There are _____ tens and _____ left, altogether _____ .

7. 11 fives are 55, 12 fives are _____ .

8. Miss Wong counts a bag of marbles in groups of 5. There are 5 fives and 2 left. How many marbles are there in the bag?

- A. 25 B. 27 C. 52

9. In the subtraction $18 - 1 = 17$, the difference is _____ .

10.
$$\begin{array}{r} 28 \\ + 13 \\ \hline \square \end{array}$$

11.
$$\begin{array}{r} 35 \\ - 15 \\ \hline \square \end{array}$$

12. $5 + 22 = \underline{\hspace{2cm}}$

13. $26 + 67 = \underline{\hspace{2cm}}$

14. $11 + 23 + 35 = \underline{\hspace{2cm}}$

15. $39 - 7 = \underline{\hspace{2cm}}$

16. $44 - 40 = \underline{\hspace{2cm}}$

17. $68 - 3 - 14 = \underline{\hspace{2cm}}$

18. Mum has 14  originally. She ate all of them. She now has  .

19. There are 75 paper cups in a bag. Among them 32 are yellow and 22 are blue. The remaining are red. There are red paper cups.

20. There are 56 boys and 43 girls in Primary 1. There are more boys than girls.

21. Anne and Cathy have 18 stamps each. Sophia has 16 stamps.

How many stamps do they have altogether?

(3%, show your working)

22. A doll costs 38 dollars. Wing has 15 dollars. She needs to buy a doll, how much more money does she need?

(3%, show your working)

23.

_____ dollars and _____ cents

24.

1  can be exchanged for _____ .

25.

Circle the money needed to buy the item below.

26. Write down the time shown on the clocks below.

(a)

27. What time will David finish the homework ?

David will finish the homework at _____ .

28. The supermarket is having a big sale. One kind of products is on sale each day.

Sunday 星期日	Monday 星期一	Tuesday 星期二	Wednesday 星期三	Thursday 星期四	Friday 星期五	Saturday 星期六

(a) *(/ /) will be on sale on Thursday. (*Circle the answer)

(b) If is on sale today, 2 days ago was _____ . (day of the week)

29. Look at the calendar. Answer the questions.

2018 December						
Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
						1
2	3	4	5	6	7	8
9	10	11	12	13	14	15
16	17	18	19	20	21	22
23	24	25	26	27	28	29
30	31					

(a) Wing joins the cooking class on every Friday. The class starts on the 14th of December. Wing has altogether _____ cooking classes in December.

(b) The Christmas holiday started from the 24th of December and lasted for 3 days. The holiday ended on the _____ of _____.

30.

Measure with a ruler. The distance between  and  is _____ cm.

31.

 is about ____ cm long.

32. Which of the following is most suitable for measuring the length around the arm?

33.

The length of the rope above

- A. is 11 cm.
- B. is shorter than 11 cm.
- C. is longer than 11 cm.

34. Study the following 3-D shapes. Write down all the letters for the answers.

A

B

C

D

E

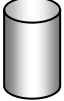

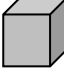

F

(a) Prism(s)/Cylinder(s):

(b) Sphere(s):

35.

(a)  is on the left of * ( /  / ) . (* Circle the answer)

(b)  is *(between / under / on)  and  . (* Circle the answer)

36.

(a)  is on the *(left / right / top) of . (* Circle the answer)

(b) There is/are ____ quadrilateral(s) in the above picture.

(c) There is/are ____ pentagon(s) in the above picture.

37.

How many triangle(s) is/are there on the pinboard above?

- A. 1 B. 2 C. 3

38. There is *(only one / many straight line(s) passing through two points. (* Circle the answer)

39. Draw straight line(s) with the existing line in the box below to form a letter.

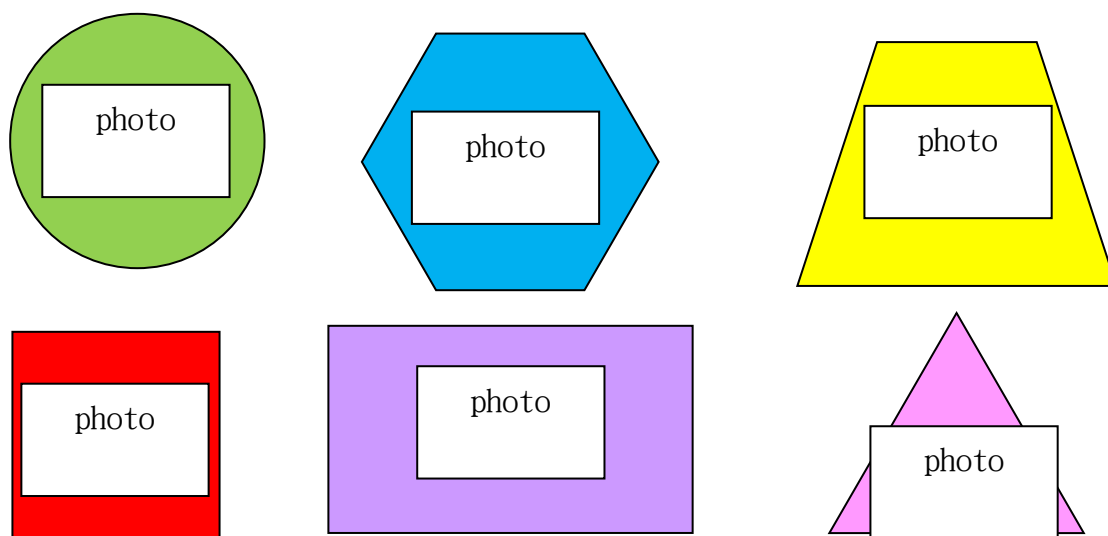

40 Design thinking section
 . My designed photo frame

Introduction:

Design a 2D photo frame by using 2D-shapes that you have learnt this year (refer to the list below on next page). The 2D-shapes could be pictures printed on newspapers or magazines. You should also prepare your favourite family photo and decorate your photo frame surrounding the photo.

Example:

After you finished the product, take a picture of your photo frame with the photo inside and stick it in the box on the next page.

Lastly, you should count the number of 2-D shapes on the photo frame (including the frame) and write below the box.

My designed photo frame

Number of the following 2D-shapes you have used:

Circles: _____ Triangles: _____ Rectangles: _____

Squares: _____ Pentagons: _____ Hexagons: _____

Other quadrilaterals: _____
